- November 17

**Updated definition for Skill Building:**

Skill-building assistance consists of activities identified in the individual plan of service that assist a beneficiary to increase their economic self-sufficiency and/or to engage in meaningful activities such as school, work, and/or volunteering. The services occur in community-based integrated settings with individuals without disabilities, provide knowledge and specialized skill development and/or supports to achieve specific outcomes consistent with the individual's identified goals with the purpose of furthering habilitation goals that will lead to greater opportunities of community independence, inclusion, participation, and productivity.

Services includes:

- Assistance with acquisition, retention, or improvement in self-help, socialization, and adaptive skills
- Work preparatory (time-limited work pathway) services to attain individual competitive integrated employment in the community in which an individual is compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals without disabilities.
  - Services are intended to develop and teach skills that lead to individual competitive integrated employment including, but not limited to; ability to communicate effectively with supervisors, co-workers and customers; generally accepted community workplace conduct and dress; ability to follow directions; ability to attend to tasks; workplace problem solving skills and strategies; general workplace safety and mobility training
  - Provide learning and work experiences, including volunteering, where the individual can develop general, non-job-task-specific strengths and skills that contribute to employability in competitive integrated employment
  - Are expected to occur over a defined period of time with specific employment-related goals and outcomes to be achieved, as determined by the individual's person-centered service plan
  - Enable an individual to attain individual competitive integrated employment and with the job matched to the individual's interests, strengths, priorities, abilities, and capabilities.
  - Participation in skill-building is not a required pre-requisite for individual competitive integrated employment or receiving supported employment services

Skill-building service component(s) needed for each individual are documented, coordinated, and non-duplicative of other services otherwise available under a program funded under section 110 of the Rehabilitation Act of 1973 or the IDEA (20 U.S.C. 1401 et seq.).

If an individual has a need for transportation to participate, maintain, or access the skill-building services, the same provider may be reimbursed for providing this transportation, only after it is determined that it is not otherwise available (e.g. volunteer, family member) and is the least expensive available means suitable to the beneficiary's need, in accordance with the Medicaid Provider Manual non-emergency medical transportation policy.

Additional needs-based criteria for receiving the service, if applicable (*specify*):

Specify limits (if any) on the amount, duration, or scope of this service. Per 42 CFR Section 440.240, services available to any categorically needy recipient cannot be less in amount, duration and scope than those services available to a medically needy recipient, and services must be equal for any individual within a group. States must also separately address standard state plan service questions related to sufficiency of services. (*Choose each that applies*):

## Updated definition of Supported Employment:

Supported/Integrated Employment services are services that are provided in a variety of community settings for the purposes of supporting individuals in obtaining and sustaining individual competitive integrated employment. Individual competitive integrated employment refers to full or part-time work at minimum wage or higher, with wages and benefits similar to workers without disabilities performing the same work, and fully integrated with co-workers without disabilities. Supported employment services promote self-direction, are customized, and aimed to meet an individual's personal and career goals and outcomes identified in the individualized person-centered service plan. Services may be provided continuously, intermittently, on behalf of, or on a diminishing basis as needed to promote community inclusion and competitive integrated employment.

Coverage includes:

- Job-related discovery, person-centered employment/career planning, job placement, job development, negotiation with prospective employers, job analysis, job carving, training and systematic instruction, job coaching, benefits and work-incentives planning and management, asset development and career advancement services career planning that supports an individual to make informed choices about individual competitive integrated employment or self-employment. The outcome of this service is sustained individual competitive integrated employment at or above the minimum wage in an integrated setting in the general workforce, in a job that meets personal and career goals as outlined in the individual's person-centered service plan.

Supported employment services include the following categories:

- Individual supported employment supports sustained paid employment at or above the minimum wage and career development in an integrated, competitive setting in the general workforce, in a job that meets personal and career goals
- Self-employment refers to an individual-run business that nets the equivalent of a competitive wage, after reasonable period for start-up, and is either home-based or takes place in regular integrated business, industry or community-based settings
- Small group supported employment support are services and training activities provided in typical business, industry and community settings for groups of two to six workers with disabilities paying at least minimum wage. The purpose of funding for this service is to support sustained paid employment and work experience that leads to individual competitive integrated employment. Examples include mobile crews and other business-based workgroups employing small groups of workers with disabilities. Supported employment small group employment support must promote integration into the workplace and interaction between workers with disabilities and people without disabilities in those workplaces.

Supported/integrated employment service component(s) needed for each individual are documented, coordinated, and non-duplicative of other services otherwise available under a program funded under section 110 of the Rehabilitation Act of 1973 or the IDEA (20 U.S.C. 1401 et seq.).

**3/15/23:** added H0002, G2077, H0006, and T1007 for simultaneous audio/visual. Also, removed SIS from H0031 and 'group' from 97153.

**3/22/23:** removed H0006 per the guidance below on the "General Rules for Reporting" tab of the SFY 2023 Behavioral Health Code Charts and Provider Qualifications workbook. These are already allowed as non-face-to-face so would not need to be listed here.

**3. Face-to-face**

All procedures are face-to-face with consumer, except ABA Family Behavior Treatment Guidance, Adaptive Equipment, Behavior Treatment Plan Review, Environmental Modifications, Fiscal Intermediary, Goods and Services, Housing Assistance and Substance Use Disorder Case Management (H0006). Family Training, Family Psycho-Education, and Family Therapy must be face-to-face with a family member. Prevention (Direct Models), Home-based, and Wraparound must be face-to-face with consumer or family member. Additionally, codes available for "audio only" as permitted in the Bureau of Specialty Behavioral Health Services Telemedicine Database are not required to be face-to-face.

**4/18/23:** added SEDW and HSW to S5116, clarified language on H0039, added H0050

**4/28/23:** added H2019, updated G2251 as this is an audio only service so removed the yes from the simultaneous audio/visual column, and added a note to H2015. Additionally, removed the following ABA codes: 0362T, 97151, 97153 and 97154.
